ENVIRONMENTAL POLICY

Artel Scaffolding Limited are committed to compliance with environmental legislation, other requirements, the achievement of continual improvement and prevention of pollution.

Particular emphasis will be given to significant environmental aspects such as fuel storage, waste management the protection of wildlife and habitats and the protection of controlled waters. We endeavour to minimise the environmental impact of our operations and reduce, as far as practicable, the effects of noise, dust, disturbance and inconvenience to others.

We continually strive to improve standards throughout our areas of operations by enhancing environmental awareness and commitment amongst our employees through structured training, and encouraging the adoption of sound environmental principles amongst sub-contractors and customers alike.

We will set quantifiable objectives and targets and monitor progress by reporting key environmental impacts of operations, the improvements achieved and targets for the future.

The Managing Director, has been appointed as having overall responsibility for environmental issues.

Our policy is communicated to all employees and provides a strategic business tool in line with our corporate philosophy to become number one choice as Scaffold Contractor.

J Morrissey
Managing Director
